MEMORANDUM FOR: Commanding Officer  
Naval Photographic Interpretation Center

SUBJECT: Three-Dimensional Resolution Targets

1. It is requested that four units which compose a complete set of the three-dimensional resolution targets be furnished this Center for a period of approximately four months in order to perform certain tests.

2. A contract proposal for the construction of full-scale targets has been received by the Air Force. Due to the extremely high construction cost, it has been requested that a feasibility study be performed utilizing the miniature models. It is proposed that the miniature models will be photographed from a photo Beechcraft at low altitudes utilizing a high resolution system. The models will be rearranged on command to cover the sixteen different cases. Readout will be performed by  group at this activity in conjunction with your command should you desire to participate.

STAT

3. Your cooperation in the construction of the subject targets in your model shop is appreciated and it is anticipated that they will prove to be of benefit to the entire community.

SIGNED

ARTHUR C. LUNDAHL  
Director
